

Kit #5020  
Rock Island

Rock Island trailer uses two accessory placards mounted over the ribs of the bulkhead front. One rectangle, 1/2"x 5/16" goes on front bulkhead approximately 1/16" from top edge at top, center, position (C). The second placard, 1/2"x 1/8" goes on the front of the bulkhead, lower right hand corner below position (L). Mount square plastic placard approximately 1/16" from top of bulkhead front, centered at location (C). Place Rock Island logo upper center on placard, location (C). Place trailer number on small rectangle, positioned lower right hand side, below location (L). Rock Island trailer uses wraparound bulkhead, round landing gear feet, no spare tire rack, and no tool storage box.
