

Decal Placement Guide For Purina Mills Kit #6034

Please use this guide to complete the decoration of your grain trailer model. The side panel stripe and Purina logo are already pad printed on your model. All other graphics needed are located on the decal sheets enclosed in your kit.

Please note: To facilitate minimal crossover diagram lines, this instruction sheet utilizes duplicate decal images. Your kit only comes with one set of decals. A color version of this sheet is available on our website. www.lonestarmodelsinc.com

Pick one of the black numbers. It is applied only to the front LS

Front and back of trailer same location.

There are 4 options on mudflaps 3 on the Wilson sheet and 1 on the Purina sheet

Front and back of trailer same location.

1 on each corner front and rear

This one on other end

Place 1 warning label under ladder on each end
